TO RUN THE LINE TO DELAND AND BUILD CONCRETE BRIDGE

**BACKER OF STREET RAILWAY
MAKES DEFINITE STATEMENT**

**SAYS AT FIRST HE WAS UNABLE
TO PROMISE THESE BUT HAS
MORE MONEY BACK OF HIM AT
THIS TIME.**

"If I am granted a franchise by the people of Daytona the road will be built to Deland and a concrete bridge will be built across the Halifax river from this city to Daytona Beach, and the building of the road and the other investments incident to it will mean the investment of fully a million dollars in Volusia county." — Michael Scholtz.

That the proposed electric railway system, permission to build which is held by Michael Scholtz in the franchise recently passed by the city council and which will be submitted to a vote of the people next month, will be built across the river to Seaside and Daytona Beach and will then be built from Daytona to Deland to connect with a street railway system in Deland, is the assurance now given by Mr. Scholtz.

Mr. Scholtz says the reason the extending of a line to Deland was not made a definite condition of the franchise at the time it was presented to the city council, was because there was only himself and his business partner back of the proposition at that time, and he did not desire to make any false promises to the people or any proposition he would not be able to carry out.

Since that time, however, sufficient capital has voluntarily been interested in the railway proposition and Mr. Scholtz says he is ready to assume the people the line to Deland will be built as soon as the system are installed in Daytona, Seaside, Daytona Beach and Deland and while work is progressing on those parts of the system a right of way will be secured across the country.

Before the franchise was passed by the Daytona city council the Daily News called the attention of the people to the fact that there was nothing definite in the franchise which would insure the system being built across the Halifax river, and Mr. Scholtz frankly states that the reason for this was because he and his associate were not in a position to know that permission could be obtained to build a bridge.

In talking about the proposed railway system Mr. Scholtz said to a Daily News representative: "I have heard some criticism of the proposed franchise because of the fact it is not agreed to build a line to Deland, and this appears to be what the people most desire. I wish to state that at the time the franchise was passed by the council the only persons interested were my partner and myself, and while we had sufficient capital to build lines in Daytona, Daytona Beach and Seaside, we could not obligate ourselves to undertake the more expensive proposition of across the county. Since that time, however, quite a number of men have agreed to subscribe liberally toward the enterprise, and that is now our intention. At the present time we are negotiating for a right of way from the St. Johns river to Deland and preparing a franchise to be presented to the city council of Deland, and we expect to procure a right of way from Daytona to Deland."

"I wish to state that it is our absolute intention and purpose, and the plans of the company are being organized along these lines, to build (continued on last page)

FEDERALS ENTRAPPED BY REBELS

**MUST NOW EITHER SURRENDER
OR THEY WILL BE WIPED OUT**

REBELS LOAD ENGINE WITH DYNAMITE AND SEND IT CRASHING INTO GOVERNMENT ARMORED TROOP TRAIN.

JAUREZ, Mexico, March 25.—A band of 2,000 Federals under General Salas has been entrapped at Corralitos, in the western part of Chihuahua, by 4,000 Insurreccibles.

The Federals must now surrender or they are certain to be completely annihilated.

The rebels last night loaded an engine with dynamite and sent it crashing into a government armored troop train. After the crash and explosion it was found that 69 of the Federals had been killed.

**ROOSEVELT CLAIMS THE
INDIANA DELEGATION**

THE COLONEL WILL START IN A DAY OR TWO FOR VIGOROUS CAMPAIGN IN THE WESTERN STATES.

OYSTER BAY, March 25.—Roosevelt today expressed the belief that he will control the Indiana delegation in the national republican convention.

The colonel will start in a day or two on a vigorous campaign in the west, visiting Michigan, Nebraska and other western cities.

**SECRETARY KNOX TRAVELS
BY RAILROAD FOR CHANGE.**

CARACAS, March 25.—Secretary Knox and party went by railroad today to Puerto Cabello. The party was escorted to the station by Foreign Minister Mateo and a detachment of troops.

**SPRING TERM OF CIRCUIT
COURT MAY NOT BE HELD**

Judge James W. Perkins has been presented with a petition signed very generally by the bar of Volusia county asking that the spring term of the circuit court, which would ordinarily convene at Deland the second Monday in April, be continued until after the primaries at least. It is possible that no spring term will be held at all as there are few cases of importance to be tried.

YOUNG'S INJURIES SERIOUS COMPELLED TO TAKE TO BED

MAN WHO WAS RIDING WITH C. W. OWENS WHEN ACCIDENT HAPPENED ON BEACH IS BADLY HURT.

The condition of Clifford Young, of Daytona Beach, hurt in front of the Clarendon Thursday morning of Sochee Generale in Chantilly today and made their escape with in which he was riding with C. W. 300,000 francs. The robbers killed two watchmen. It was the most sensational holdup in the history of France.

There was not a spot on Young's body that was not painfully bruised, he received several cuts about the face and body, and one wound in his left side is giving him considerable trouble. An arm that was thrown out of place at the time is paining him a great deal now and his physician thinks that he has a small fracture in one leg that will deprive him of the use of that limb for a month.

Following the accident, the details of which everyone now knows, Mr. Young was so concerned about the condition of Mr. Owens that he forgot his own injuries and they were looked upon as of minor importance. Saturday, however, he was forced to take to his bed, and it is likely that he will be laid up for some days at least, causing him to resign a position that he was to have taken next week in the north.

Owens' Condition Unchanged.
The condition of C. W. Owens, who was injured in the automobile accident near the Hotel Clarendon last Thursday, remains unchanged. His condition is serious but he has a good chance for recovery.

**35,000 BACK TO WORK
IN LAWRENCE MILLS.**

LAWRENCE, Mass., March 25.—The gates to every mill in this city were thrown wide open today and it is estimated that 35,000 operatives returned to their places in the mills. All are now working on full time and with full forces. The employees receive an increase ranging from 10 to 15 per cent.

AUTOMOBILE BANDITS CRACK SAFE IN BIG BANK IN FRANCE

ROBBERS KILL TWO WATCHMEN BLOW OPEN THE SAFE AND MAKE SUCCESSFUL ESCAPE WITH 300,000 FRANCS.

PARIS, March 25.—Bandits in an automobile cracked the safe of the Societe Generale in Chantilly today and made their escape with in which he was riding with C. W. 300,000 francs. The robbers killed two watchmen. It was the most sensational holdup in the history of France.

**TWO AUTOS DAMAGED
BY RUNNING INTO TREE.**

The corner of Magnolia and Palmetto avenues seems to be hoodooed the last few days for within 24 hours two automobile accidents of minor importance took place there and both in the same manner. Saturday a Hupmobile runabout owned by the Autman Motor company, and rented by the person who was driving at the time, crashed into a palm tree, bending the crank shaft and damaging the front of the car and the radiator. Sunday morning a negro garage boy who had been given work polishing brass on Lt. Rawlings' Hupmobile roadster, without permission took the car out for a trip around the block. The brass shown so that it blinded his eyes for he bumped a tree at the same corner, damaging it the same as the Hupmobile was smashed. The boy left without ceremony when he saw Dr. Rawlings appearing upon the scene and it was necessary to jack the car up before the motor could be started.

**TWO BURNED TO DEATH
OTHERS BADLY HURT.**

NEW YORK, March 25.—The North River hotel on West street was burned this morning. Mrs. Elizabeth Larkin, who owned the hotel, and an unidentified man, were burned to death. Five others were badly burned and it is believed two of these are fatally burned. The fire originated with an overturned stove.

*Khaki cloth just received at Peck-Hendricks.

STATE CANDIDATES TO TELL HOW THEY STAND ON ROADS

PLANS TO CALL MASS MEETING OF ALL GOOD ROADS ADVOCATES AND INVITE CANDIDATES TO MAKE ADDRESSES.

Efforts are now being made by advocates of good roads in the state of Florida to arrange a big mass meeting at some central location in the state and invite all candidates for state offices to address the meeting and tell how they stand on the proposed state highway commission bill. The State Good Roads association at its recent convention in Ocala adopted a resolution favoring a state highway commission and drafted a bill to be presented to the next session of the state legislature, creating such a commission. Now the good roads advocates want to know what ones of the candidates for state offices are in favor of the proposed bill and in favor of an extension of the movement for good roads.

If the big mass meeting is held all candidates will have an opportunity to state their position on the proposed bill and the good roads movement in general.

**CENSUS REPORT SHOWS
THE COTTON REPORT.**

WASHINGTON, March 25.—The census bureau reports today 16,732,221 bales of cotton as the supply for the six months ending February 29. The exports are 8,007,514 bales and the consumption 2,623,379 bales, the stocks remaining 2,092,028.

**8,000 MINERS RESUME
WORK IN ENGLISH MINES.**

EDINBURGH, Scotland, March 25.—Eight thousand miners of the collieries near Bella Hill, Lancaashire, resumed work today. One thousand others went back to scattering mines.

**JAPANESE EXPEDITION
FAILED TO REACH POLE.**

LONDON, March 25.—A special cablegram from Wellington, New Zealand, today states that the Japanese expedition failed to reach the south pole.

MRS. GRACE A PRISONER IN A HOTEL

**NOW A NERVOUS WRECK
MURDER TO BE CHARGE**

PROSECUTION ANNOUNCES SHE WILL NOT BE TRIED UNTIL GRACE DIES WHEN MURDER WILL BE CHARGED.

ATLANTA, March 25.—Mrs. Daisy Grace, who arrived last night from Philadelphia, is a nervous wreck today. To avoid morbid curiosity seekers she remains as much a prisoner in her hotel as if in jail.

The prosecution announced today that the woman will not be tried until Grace dies and will then be charged with murder instead of attempt to murder. The preliminary trial has been set for Thursday but is certain to be postponed.

Grace has been removed to the home of his mother. He is reported to be growing gradually weaker but there are no indications of early death.

**RAILROADS REJECT DEMAND
OF ENGINEERS FOR INCREASE**

REPRESENTATIVES OF ROADS DECLARE THE PRESENT WAGES PAID TO ENGINEERS ARE VERY LIBERAL.

NEW YORK, March 25.—Representatives of 50 railroads today rejected the demands of the locomotive engineers for an increase in wages. They declare the wages are already liberal. The roads involved represent nearly half of the carrying traffic of the United States.

**INDUSTRIAL PARALYSIS
THREATENS MADRID.**

MADRID, Spain, March 25.—In the grip of a coal famine caused by the miners' strike, general industrial paralysis is threatened in Madrid. The city is practically without coal.

**ILLINOIS LAW-MAKERS
IN SPECIAL SESSION.**

SPRINGFIELD, Mar. 25.—The governor today issued a call for a special session of the Illinois legislature to pass the presidential primary bill.

**DRAMATIC RECITAL
TO BE HELD TONIGHT.**

The benefit dramatic recital for Mrs. Helen Stuart-Richings being arranged by the members of the Palmetto club and the local Eastern Star will be given in the Palmetto clubhouse this evening and it is expected there will be a large attendance at the recital. A large number of advance tickets have been sold.

*New shipment of boys' knee pants just received at Peck-Hendricks.

ANDREWS HOME IS RANSACKED

**BURGLAR MAKES GOOD HAIL
AFTER FAMILY LEAVES HOME**

GETS ARTICLES WORTH ABOUT \$200 BUT VALUED MUCH HIGHER THAN THAT BY MEMBERS OF THE FAMILY.

Entering the house while all members of the family were out for a walk in the evening, burglars ransacked the winter home of E. W. Andrews in Daytona Beach and carried away jewelry and valuables worth about \$200, although the missing articles are in reality worth more than that amount to the Andrews family.

Just how entrance was gained to the home is not known, but the robbery was planned for a time when all members of the family were away from the house, giving the burglar an opportunity to work without being disturbed.

The robbery took place last Wednesday evening between the hours of 8 and 9 o'clock, and it is believed the robber was in hiding under the house and heard the piano made for the work. There is a ventilating shaft through the house and a person under the house can hear conversations in all parts of the house through this shaft. It is believed the robber planned to do the work while the family was at dinner, but for some reason became frightened and crawled under the house to get out of sight. While at that position he probably heard the members of the family planning the walk, and as soon as they had gone proceeded to go through the house.

From bedrooms on the second floor he carried away a Saxeus revolver, two or three watches, several pins and rings and about \$20 in money. The real value of the articles carried away amounts to about \$200, but they are valued much higher than that by the Andrews family. There is no clue to the robber, but it is believed it was not the work of a professional.

DAILY STOCK MARKET REPORT.

NEW YORK, March 25.—Stocks opened sharply advancing on vigorous buying. Reading was a point and seven-eighths, Smelters two and five-eighths, Steel a point and Amalgamated a point higher, with all others showing fractional advances. Cotton was barely steady to three higher, later declining to three below Saturday's close. May \$10.47 and July \$10.46.

At noon stocks continued strong, generally advancing.

Wheat Opens Stronger.
CHICAGO, March 25.—The wheat market opened stronger at an eighth higher with May at \$1.03 1-4. Provisions were firm with May pork at \$16.50, lard \$9.55, ribs \$9.50. Hogs and cattle were steady.

**OUTLOOK FOR STRIKE
SETTLEMENT GLOOMY.**

LONDON, March 23.—Miners and government officials held a conference here today. The outlook for a settlement of the strike is still gloomy, owing to the stubbornness of the mine owners who refuse to make concessions. The minimum wage bill in the house of commons went over until tomorrow. Industrial conditions are daily becoming more critical.

DIET AND HEALTH HINTS
By DR. T. J. ALLEN
Food Specialist

HATS AND EFFICIENCY.
"Metal hats will be the correct thing; women's headgear will resemble the warrior's helmet," says a recent Associated Press dispatch. A few weeks ago I tried briefly to show the injury done by the heavy, tight fitting hats worn by most men, preventing free circulation and interfering with the nutrition of the brain, and suggested the wearing of light, easy fitting hats, and the discarding of the headgear as far as possible. Now Dr. George W. Galvin, founder of the emergency hospital of Boston, says, as reported in a recent dispatch: "I consider it a significant fact that more college girls wear no hats at all and only caps when the weather demands a covering for the head. Many women wonder why they can do more work than they could have done years ago. They will find the reason in the decrease in the size and weight of hte hat." The only point in which I would disagree with Dr. Galvin is in his saying that "weather demands a covering for the head." The hair is ample covering, if it has not been lost chiefly through wearing a hat. "Keep the feet warm and the head cool" is a good health maxim.

(Copyright, 1911, by Joseph B. Bowles.)

Character.
Our character is but the stamp on our souls of the free choices of good and evil we have made through life.—Geltke.

*Watch the Crescent Theater ad vertisement on last page for special attractions.

Practically Immune.
Curaçao, the most important of Dutch West Indies, is without fire insurance and a fire department, though the island has a population of over 60,000. The buildings in the town are all of stone, hence this happy condition of affairs. Recently the first sawmill was installed, being furnished by an American firm. "It is hoped, says a consular report, "that this will not increase the erection of wooden buildings and necessitate insurance."

Rather Hard on the Teacher.
Teachers are told, not once but a hundred times, that a wise observer need only study briefly "the class before us"—nay, some artless speakers say that the observer need only listen outside the door—in order to learn, without a glance at the teacher, whether he or she is alert, enthusiastic, conscientious, hard-working, well-informed, and in vigorous health, or a dragged out, ignorant, soulless, and thoroughly unpedagogic specimen of the profession.—Mary C. Robinson, in the Atlantic.

MRS. WASSON IS OUT WITH OWN STATEMENT

"A friend of mine in the North," said Mrs. George H. Wasson, 1121 Hubbard street, Jacksonville, "sent me Odor-o-no, which I have used with astonishing results. I have thrown away my dress shields and never expect to wear them again. Odor-o-no is wonderful and I heartily recommend it."

Great Premium Offer

THE circulation of The Gazette-News is always large but the publisher is determined to add several hundred more names to the list and in order to do so makes several offers that you cannot afford to miss.

We want to give every housewife in this country a new pair of SHEARS - not that we think you are out of shears at your home but we know that no mother has many pair of shears you have, you will appreciate a new pair, especially the Eureka Bent Trimmer Shears, which is a superior class to select any to the ordinary pair of shears generally used in the everyday household.

This is not a phylanthropic movement on our part nor a plan to distribute charity, nor is it a scheme to force people to buying something they do not need. We have learned the value of the household good well, and this will be rewarded by us in offering them.

Eureka Bent Trimmer Shears

We have bought another gross for distribution and those who do not respond to our offer immediately may not be able to get a pair. If you want to secure a pair

ORDER THEM RIGHT NOW

then you will be sure of receiving your shears. This is a very liberal offer and one that can be taken advantage of by everyone in this country, and we want readers to our paper. We believe in this offer will move them safely the most exciting subscription.

Send us \$1.50, and six cents additional if you desire the shears mailed, and we will send you the GAZETTE-NEWS FOR ONE YEAR AND A PAIR OF THESE SHEARS ABSOLUTELY FREE. This offer applies to either new subscribers or renewals.

SUCCESSOR OF SENATOR FRYE

Obadiah Gardner is the United States senator from Maine who is filling out the unexpired term of the late Senator Frye.

DIET AND HEALTH HINTS

By DR. T. J. ALLEN
Food Specialist

CEREALS SHOULD BE MASTICATED THOROUGHLY.

A Kansas farmer has produced biscuits in 30 minutes, from standing grain to table. No objection could be raised to the increased speed of producing food if more time were allowed for it to prepare for digestion. Stale bread is always preferable to fresh, and cereals more than any other food should be thoroughly masticated so as to allow of the conversion of starch into sugar in the mouth, to a large extent. A meal consisting principally of cereals can not be eaten for the best results in less than an hour. There was formerly a law in London providing that no baker should sell bread within 24 hours after baking.

(Copyright, 1911, by Joseph B. Bowles.)

Consider This.
I went to church to worship and I found a truth: I took it home with me, I took it to my office, it was with me wherever I went, and in all that week I was not afraid, I was not ashamed.—The Universalist Leader.

NO DANGER.

Arabella—I can only be a sister to you, Algy; but—er—I hope you won't pine away and die.
Algy—Oh! no, I've got your sister-in-law all picked out!

In Favor of Cheese.
It has been said that cheese in the morning is gold, at noon silver and at night lead! That depends, though, on the quantity taken and the quality. Good cheese in rational quantities is as golden at night as in the morning.

Never.
No man ever ceased to learn because he knew it all.

IT IS CONFUSING

What have they remembered our street for, pa?
Oh! just to be mean and confuse a man when he comes home a little under the weather

Very Distressing.

He gave his wife just twenty quid to go and buy a hat.
She spent the coin and charged the bill—Why WILL wives do like that?

Officer, He's Loose Again.

We do not know what these "thermometer earrings" are, but we suppose they are the kind that you pay for by degrees.—St. Paul Pioneer Press.

Great Premium Offer

THE circulation of The Gazette-News is already large but the publisher is determined to add several hundred more names to the list and in order to do so makes several offers that you cannot afford to miss.

We want to give every housewife in this country a new pair of SHEARS—not that we think you are out of shears at your home but we know that no matter how many pair of shears you have, you will appreciate a new pair, especially the Eureka Trimmer Shears, which is a superior shear in every way to the ordinary pair of shears generally used in the everyday household.

This is not a philanthropic movement on our part nor a plan to disburse charity, nor is it a scheme to force people to buying something they do not need. We have learned the value of the housewife's good will, and this will be considered by us in offering these

Eureka Bent Trimmer Shears

We have bought another gross for distribution and those who do not respond to our offer immediately may not be able to get a pair. If you want to secure a pair

ORDER THEM RIGHT NOW

then you will be sure of receiving your shears. This is a very liberal offer and one that can be taken advantage of by everyone in this country, and we want readers to our paper. We believe this offer will more than satisfy the most exacting subscriber.

Send us \$1.50, and six cents additional if you desire the shears mailed, and we will send you the GAZETTE-NEWS FOR ONE YEAR AND A PAIR OF THESE SHEARS ABSOLUTELY FREE. This offer applies to either new subscriptions or renewals

Watch Daytona Grow

Watch it through the columns of The Daytona-Gazette News. It is published every Saturday the year 'round. More improvements will be made in Daytona and vicinity during the coming summer than for several years past, and you will want, of course, to keep abreast with the progress of the community.

It gives you more local news than all other local papers of Volusia combined. Many of the little personals about persons with whom you are acquainted will also interest you.

The subscription price is but \$1.50 a year, and we give you a useful pair of SHEARS as a premium if you subscribe before the supply is exhausted.

It will tell you of the improvements that are being made during the summer when you are at your northern abode.

READ The Daytona Gazette-News

MANY PRESS BUREAUS FOR CANDIDATES

MORE AT THE CAPITAL TODAY
THAN EVER IN ITS HISTORY

LARGE NUMBER OF PERSONS
EMPLOYED IN SENDING OUT
NEWS CONCERNING THE PO-
LITICAL PROSPECTS.

WASHINGTON, March 25—There are more press agents for presidential candidates at work in Washington today than ever before in the history of the country. Even the candidate hasn't time to recall all the laudatory things written about him, and if the newspapers published everything supplied by the "publicity bureaus," there would be little room for the editorials, stock markets, advertisements or the day's run of news.

The average Washington correspondent wades through a mass of circular mail, mimeograph sheets, booklets and photographs every day before he can reach his desk. Several of the publicity bureaus have messengers who do nothing all day long but carry copy from one newspaper office to another.

There is more or less press agent work connected with every presidential campaign, but never before has there been established so many campaign headquarters at the national capital. Within a stone's throw of each other seven publicity bureaus are working desperately to offset the effect of the sledge hammer campaign of their rivals.

President Taft has a bureau; so has Colonel Roosevelt and Senator La Follette, all aspirants for the republican nomination. There is a similar free-for-all and wordy fight in the democratic field. Speaker Champ Clark, Representative Underwood, Governor Judson Harmon, Governor Woodrow Wilson—each and all have headquarters where campaign managers and press agents are busily engaged in moulding public sentiment in favor of a particular statesman.

Of course, much of this campaign material is never published except in the party organs or in papers supporting some particular idol. A great deal of the laudatory literature is skimmed over by the Washington correspondent or the editor and promptly deposited in the waste basket, or cut down to meet the requirements of space or the peculiar political views of that particular paper.

The press agents are on the job every minute and somebody is going to be elected. It may be a dark horse, a man whose name isn't appearing in any of the literature sent out from Washington every day, now, but the fight will continue with undiminished intensity here until the conventions end it all. Then the bureaus will be weeded out and there'll be just two of them.

Meanwhile, the Washington correspondent, whose office is the dumping ground for everything issued by the vigilant publicity men, will continue to wade through an imposing stack of mail every morning and night and will do the best he can to get out to the waiting public perhaps one-tenth of all the flattering things which are said at the various bureaus of the several candidates.

Washington enjoys it all, for the town is more lively today than it has been in a century or so.

JUST NONSENSE.

The Jester—The man next door to me must be a night watchman.
The Romancer—Why?
The Jester—He don't work in the daytime and he's home in bed every night before 10 o'clock.

Fury.

Mrs. Maeterlinck in her quaint, witty way, was talking to a Boston reporter about feminine cruelty. "There is no such thing as feminine cruelty," she said. "Women, it is true, wear the feathers of birds, but they are unconscious of the birds' sufferings, and, as your old proverb says, 'What the eye don't see the heart don't grieve.' Men when they set a beefsteak or slip on their gloves, are unconscious of the slaughtered bullocks and the murdered kid—and just so am I unconscious when, on an icy January morning, I wrap round my neck a soft, warm fur—whether it be fur of polar bear or Russian sable my dealer alone knows."

PASTOR RUSSELL IS HOMEWARD BOUND

Foreign Missions Investigation
Committee on the Atlantic.

They Will Report at a Mass Meeting
in the New York Hippodrome Next
Sunday Afternoon at 3 o'clock—The
Interest Centered in Country Wide.

Mid-Ocean, March 24.—On the Atlantic, speeding homeward, the Foreign Missions Investigation Committee is in communication by wireless. It is understood that arrangements have been made for a public mass meeting in New York's largest auditorium, the Hippodrome.

next Sunday afternoon, to hear the report of this committee respecting its findings. A report of the same will be given in these columns.

Pastor Russell's discourse today was reminiscent of Arabia as the Cradle of our Race. His text was: "As all in Adam die, even so all in Christ shall be made alive; every man in his own order."—1 Cor. xv, 22, 23.

Arabia is accredited with being the ancient Eden, eastward in which was the specially prepared Garden wherein our first parents had their trial—not for a reward of heaven or a punishment of eternal torment, but for a reward of everlasting life under perfect earthly conditions, or for a penalty of death.

Here man, created very good, in the image of his Creator, sinned and became subject to the penalty of sin—"The soul that sinneth, it shall die." Here also is Mount Ararat, on which the ark rested after the flood, and from which came forth the family of Noah to people the earth afresh. Thus was Arabia twice the Cradle of mankind.

"Israel Hath Not Obtained." The first mention that Divine favor would yet rescue mankind from the reign of sin and death, was made, not publicly, not to all of the race, but merely to one man, the friend of God—Abraham.

But God gave Abraham words only, "Wonderful words of life"—that in him and in his posterity eventually all the families of the earth should be blessed. But there was not a sign of change so far as the Divine dealings were concerned. Doubtless it was because God foreknew that approximately four thousand years would intervene before the blessing of the world that He added His oath to His promise.

In due time, at Mount Sinai, God entered into a Covenant with the children of Israel, by which He agreed to bless them and to fulfill in them the Abrahamic promise that they, as Abraham's seed, should bless all the nations of the earth. The only condition connected with the promise was that they were to show their fitness to be the Divine channel. Full of joy and faith the Israelites obligated themselves thus.

Al! much they knew not. They did not realize their own weakness and imperfection through the fall and their inability to fulfill the Divine requirements, the spirit of the Law of their Covenant. They soon found that while the Law said, "He that doeth these things shall live," they were not able to do those things; and therefore they were all dying like other men. Had God deceived them and entrapped them? No. God's proposition was simple enough. He was merely teaching them a great lesson—that sin as a disease had taken hold upon humanity and that, however willing they might be, all were weak and perverse and unable to fulfill their good intentions.

As a consolation God assured Israel that He would send the Deliverer, One still greater than Moses, who had delivered them from the Egyptian bondage. This great Deliverer would deliver them from the greater bondage of sin and death, so that they would be able to obey the Divine Law and be used of God in blessing and instructing other nations. This Greater than Moses, they were assured, would inaugurate a New Law Covenant, based upon better sacrifices than the blood of bulls and goats, and He was known to them as Messiah, the Messenger of the New Covenant.

Heirs of the Promise. We must never lose sight of the kernel of the Gospel Message. The ultimate blessings of the Messianic Kingdom, through the Seed of Abraham, will be to all the families of the earth, but previously, the Divine work is the calling of the Seed of Abraham which is to do that work of blessing. The promise was not made to all the families of the earth, but to Abraham and his Seed. Hence the heirs of the promise are not all the families of the earth, but the Seed of Abraham.

To the saints of Galatia, who had been Gentiles, but had accepted Jesus and were trusting to become joint-heirs with God's dear Son in His Messianic Kingdom as members of His Bride Elect, Saint Paul writes, "If ye be Christ's, then are ye Abraham's Seed, and heirs according to the promise." (Galatians III, 29.) How strange that we should have lost sight of this great inheritance! With our Lord, as Abraham's Seed, we shall inherit the earth; as it is written, "I will give thee the heathen for Thine inheritance, and the uttermost parts of the earth for Thy possession."

Can't Get Away From Them. "The proof of the pudding is in the eating; you can't get away from that," says an advertisement. And the Manhattan Mercury adds: "There are a lot more equally witty bits of wisdom that it seems impossible to get away from."—Kansas City Star.

Indiscriminate Charity Wrong. One of the greatest injuries you can do an able-bodied idle man is to feed him twice without payment.—John Howland.

On account of the serious illness of her father, Mrs. E. L. Stewart has gone to Starke, accompanied by her daughter Mary.

*Just received at the Bee Hive, 321 N. Beach St., a full line of Hole-proof hosiery for ladies and gents. 97-100

W. C. Van Sant of the Chase Motor Truck company of Syracuse, N. Y., is visiting Dr. and Mrs. S. W. Fowler, for a time at the Miller apartment house, corner of Palm avenue and Cedar street.

*For sale—Two 1911, 30 horse power touring cars, fully equipped. Best cash offer before April 5th takes them. Box 326, Daytona. 97-64

Owing to the unpropitious weather conditions, the men's massmeeting at the First Baptist church Sunday afternoon was not largely attended. The meeting was conducted by H. T. McClellan and addressed by Rev. D. H. Rutter, pastor of the First M. E. church. The same weather conditions prevailing in the evening, cut down the attendance at the union mass meeting held at the Methodist church at which time the sermon was delivered by Rev. A. L. Abercrombie, pastor of the Baptist church.

*See the new neckwear just received at Peck-Hendricks.

R. M. Knox returned by train Saturday from Elustia where he had been for several days looking after his orange grove interests in that vicinity. W. M. Moore of this city, who has an orange grove in the same locality, will hereafter have charge of Mr. Knox's place. Mr. Moore is now at Elustia.

CLOSE OF MRS. J. C. HOWARD'S JUVENILE DANCING SCHOOL

GAVE COMPLIMENTARY RECEPTION SATURDAY AFTERNOON IN PALMETTO CLUBHOUSE

"WHICH WAS WELL ATTENDED."

Mrs. J. C. Howard closed her Juvenile Dancing school with a complimentary reception Saturday afternoon in the Palmetto clubhouse. A premier sight is not often seen in this city. It is wonderful how Mrs. Howard can in one room teach her pupils to dance so well and so many different dances.

At 2:30 the hall was filled to overflowing with parents and friends of the children, the day being perfect for the occasion. First came the grand march, led by Master Walter Stanley and Miss Margaret Farrell, followed by 20 couples, their ages ranging from four to 15 years. After passing through several intricate movements, each lad led his partner to Mrs. Howard and introduced her in a most charming manner; each girl presenting her with a beautiful bouquet. There was such a shower of flowers Mrs. Howard was obliged to have assistance to place them on the table at the head of the hall. Miss Ella Williams, who has been Mrs. Howard's pianist during the winter, presented Mrs. Howard with a beautiful bouquet of pinks.

An exhibition dance was given by all the class, in couple, the girls holding reins of ribbon over the shoulders of the lads, each couple making a tour of the hall to see who would win the prizes. Master Leon Waite and Katherine Putnam and Master Henry Putnam and Jean Frances Conrad, the youngest of the class, each won a prize, a box of candy. Rodney Kincaid, Albert Humphrey, Willard Curds, Margaret Clark, Jocelyn Maley and Frances Brower also received prizes. Mrs. Howard said everyone in the class was deserving of one.

Several other dances were danced by the class and Mrs. Howard thanked the children for being so nice and kind to her through the term and again said it would be the first of her teaching, which is to be regretted. Mrs. Howard then extended a cordial invitation to parents and friends to join the class and dance with the pupils which proved pleasant to all. Many were the congratulations bestowed on Mrs. Howard by parents and friends for her great ability as a teacher of dancing.

*FOR SALE—Private team, consisting of two mares and closed carriage, all in good condition. Horse gentle and sound. Original cost \$1,250.00; will sell for \$600.00 if sold at once. Address 50 Buckman building, Jacksonville, Fla. 94-41

Recognized His Limitation.

"But," her father objected, "you have never shown that you are capable of supporting a wife." "Oh," the young man replied, "if you want her to marry a widower I'll have to confess that I can't qualify."

*FOR SALE—Beautiful new bungalow, mission finished and furnished, all modern improvements, open fireplace, six rooms and bath lot 50x150, cement walks, 200 yards from beach. Very reasonable. Address Daily News office.

Sea Nakes Toll of English Land

With a noise like the booming of heavy guns, hundreds of thousands of tons of cliff fell into the sea between Dover and Folkestone (England) recently. The fall, which occurred at Abbot's Cliff, was the most extensive which has taken place on that part of the coast for many years. An examination showed the chalk extending like a causeway some 400 yards to the sea. It was about 200 yards wide, and at some places 30 feet deep. The displacement of water caused by this immense mass entering the sea set up conditions similar to a tidal wave at Folkestone. The water rose several feet, rollers broke their cables and got adrift, and fishing-smacks danced like corks. The noise of the approaching wave was heard a mile away.

Original of a Dickens Character.

Oscar Millender, a blacksmith, who is believed to have been the original Joe Gargery in "Great Expectations," is dead at the age of 72. Dickens spent many hours with him at his forge, near Gad's Hill.

TO RUN THE LINE TO DE LAND AND BUILD CONCRETE BRIDGE

(Continued from first page.)

this line from the St. Johns river to the ocean, and as fast as possible to towns in this section of the East Coast. In fact it is our intention to build and operate a complete electric railway system in Volusia county as fast as it can be done and the business warrants.

"I understand also there is criticism because the provisions for the line crossing the Halifax river from Daytona to Daytona Beach and Seabreeze were not more definite, but since the franchise was passed by the council we have ascertained from the secretary of war the exact requirements for a bridge and there are no obstacles but what we can overcome. We have also had assurances from government officials that the required permit will be granted, and now that we have this assurance of a permit, we can assure the people of Daytona and the two peninsula towns, in equally strong language, that a concrete bridge will be built. I might say further, that plans for a concrete bridge are now being prepared for us by engineers and that we are now getting quotations on cement and other necessary material. I have already given Mr. Marshall, the owner of the Goodall property, a bond in the sum of \$1,000 conditioned that this bridge will be built and that it will be on a street which he has opened through the property.

"Another objection to the proposed railway system which has reached me is that the franchise provides for an overhead trolley system. I would like to say that it is not our intention to use an overhead trolley, but we are planning to use an Edison storage battery electric car which requires no poles and no wires. At the time the franchise was prepared and passed we were uncertain about the feasibility of using a car of this kind here because of the climatic conditions, but recent tests with the cars have been made on a railroad in which we are interested on Long Island, under similar conditions, which prove this car to be a great success. For this reason we expect to use this kind of cars. This kind of a system is cheaper to build and cheaper to maintain and will give perfect service.

"I might add that the rails to be used in the streets of Daytona and elsewhere in the towns will be flat rails and the space between the rails will be paved so that it will in no way be a menace or inconvenience to traffic of any kind.

"I realize that a number of electric railroad franchises have been granted in Daytona in the past and that the people have become disgusted with the promoters who secured the franchises and then for some reason or other let the matter drop. I am not a promoter in any sense of the word, and can assure the people that it is my intention to build and operate this electric system if the voters see fit to ratify the franchise for which I am applying. They can rest assured that and statement I have made will be carried out in detail.

"I am making this statement in order to explain to the voters our intentions. We are not asking for this franchise for the purpose of disposing of it, but we expect to carry out our plans and will invest in the project in the neighborhood of \$1,000,000. We have already secured franchises in Daytona Beach and Seabreeze as the public is well aware.

"Myself and associates have great confidence in the future of Volusia county, and we believe that in a few years it will be one of the most thickly populated and prosperous communities in the South. It is on the future prospects we are building our plans.

"It has been my observation that the people in this vicinity are alive and progressive, and there are a number of good towns which, it seems to us, would be greatly benefited by being connected with an electric railway. It is our plan to have Volusia county eventually connected with a network of electric lines."

Mr. Scholtz has already purchased of Messrs. Dillingham and Dean a tract of land near the Schantz plant, which he contemplates using for car sheds and terminals.

DIET AND HEALTH HINTS

By DR. T. J. ALLEN
Food Specialist

A RICE AND CREAM SUPPER

An ideal supper is unpolished rice with cream. The rice should be prepared in the fireless cooker, boiling only for five minutes and remaining in the cooker for six hours, reheating after three hours, if necessary. Twenty percent raisins, by dry weight, can be added to the rice. These should be cooked in water twelve hours and mixed with the rice when it is put in the cooker. If unpolished rice cannot be obtained and a monodiet is to be made of rice, an uncooked egg can be stirred in the rice while it is hot but not boiled. This adds the necessary protein to make a complete ration. A tablespoonful of bran may be added to make it more laxative.
